

SocialGenius

AI-Powered GBP Automation for Agencies

The Problem

Agencies struggle to manage Google Business Profiles at scale

- Manual updates are time-consuming and error-prone
- Client expectations for quick updates are challenging to meet
- Maintaining consistency across hundreds of locations is difficult

Our Solution

SocialGenius: AI-Powered GBP Automation

- Automate updates across thousands of profiles
- Intelligent review management and response
- Real-time analytics and reporting
- Seamless integration with existing workflows

Market Opportunity

A growing \$4.2B market with high demand

- 2,500+ marketing agencies in our target segment
- 200,000+ potential client locations to manage
- 94% of customers searching Google Maps weekly
- 70% of agencies currently using manual processes

Traction & Metrics

Our growth demonstrates product-market fit

- \$700k ARR with 127% YoY growth
- 94% customer retention rate
- 25+ agency clients managing 5,000+ locations
- 3.2M automated updates performed monthly

Business Model

Scalable SaaS with predictable revenue

- Subscription model based on location volume
- Average contract value: \$2,800/month
- 78% gross margin
- Customer acquisition cost: \$4,200
- Lifetime value: \$82,000

Our Team

Industry experts with deep domain experience

- Leadership team with 40+ years combined experience
- Previously built and sold MarTech platforms
- Engineers from Google, Amazon, and Meta
- Advisors from leading marketing agencies

Investment Opportunity

Seeking \$2.5M to accelerate growth

- Scale sales and marketing team
- Enhance AI capabilities and automation features
- Expand integration ecosystem
- Target international markets
